28 April 2017

Avanco Resources Ltd (AVB) BUY Share Price: A\$0.11

A solid start to the year & likely to get better

AVB has reported MarQ production & cost results inline with the preliminary numbers released on 18th April. The overall operating performance at Antas continues to be solid, with lower ore tonnes & grade from the open pit compensated by the processing of high grade stockpiles. Mining focussed on Stage Two of the open pit, with additional pre-stripping (all expensed) and lower grades in-line with the mine plan. Higher grade stockpiles allowed copper output of 3.506kt to marginally exceeded Q1 guidance (3.0-3.5kt), with grade control drilling indicating better grades over coming quarters; CY17 guidance for 13.5-14kt Cu appears conservative (Petra: 14.2kt). MarQ C1 costs of US\$1.52/lb & AISC of US\$1.95/lb were higher than forecast, although a stronger Real drove much of the 27% QoQ increase. CY17 cost guidance has now been provided, with C1 costs of US\$1.35-1.50/lb & AISC of US\$1.65-1.80/lb (Petra: US\$1.33/lb C1 & US\$1.79/lb AISC). With Antas operating strongly, we await the updated PFS on Pedra Branca (May), permitting success at CentroGold, low cost M&A opportunities & exploration success to generate the next stage of growth for AVB. Maintain BUY, PT A\$0.16/sh (unchanged).

High grade stockpiles provide production buffer

- Mining focused on pre-stripping Stage Two, with lower ore tonnes (-44% QoQ) and grade (-25% QoQ) within the upper transition zone; stockpiles had been built to ensure stable mill throughput & grade in this period
- Processing only down 9% QoQ; milled grade 2.3% Cu
- 3.5kt Cu which is at the top of 3.0-3.5kt guidance, but 6% below our 3.7kt forecast & 13% lower QoQ
- C1 cash costs of US\$1.52/lb above our US\$1.19/lb and 25% higher QoQ; impacted by FX movement, elevated strip ratio (13.2:1), extended plant shutdown (all costs expensed) & drawdown of stocks
- MarQ revenue of \$26.1m & EBITDA of US\$6.4m

CY17 cost guidance provided for the first time

- C1 guidance of US\$1.35-1.50/lb (Petra: US\$1.33/lb)
- AISC guidance US\$1.65-1.80/lb (Petra: US\$1.79/lb)

Updated Antas reserve in-line with depletion & Petra

Antas reserve (after depletion): 3.04Mt at 2.64% Cu & 0.58g/t Au (from 3.62Mt at 2.53% Cu & 0.55g/t Au)

Price target A\$0.16/sh (1xP/NPV), unchanged

 NPV of Antas & Pedra Branca only, \$40m (1c/sh) nominal exploration value including CentroGold

This document has been prepared in Australia by Petra Capital Pty Ltd which holds an Australian Financial Services License AFSL 317 944. Petra Capital Pty Ltd is an ASX Market Participant. Petra Capital Pty Ltd and its associates, officers, directors, employees and agents, from time to time, may receive brokerage, commissions, fees or other benefits or advantages, hold securities in companies researched by Petra Capital Pty Ltd and may trade in these securities either as principal or agent.

The information or advice contained in this report has been obtained from sources that were accurate at the time of issue, however the information has not been independently verified and as such, Petra Capital Pty Ltd cannot warrant its accuracy or reliability. Persons relying on this information do so at their own risk. To the extent permitted by law, Petra Capital Pty Ltd disclaims all liability or responsibility for any direct or indirect loss or damage (including consequential loss or damage) caused by any error or omission within this report, or by persons relying on the contents of this report.

This report is published by Petra Capital Pty Ltd by way of general information or advice only. This report does not take into account specific investment needs or other considerations that may be pertinent to individual investors. Before making any investment decisions based on this report, parties should consider, with or without an investor adviser, whether any relevant part of this report is appropriate to their financial circumstances and investment objectives. Petra Capital Pty Ltd is a licensed institutional/wholesale stockbroking firm. The report is only intended for institutional and sophisticated clients to whom Petra Capital Pty Ltd has issued the report. Petra Capital Pty Ltd is not licensed to advise retail investors - retail investors should contact their own stockbroker or financial adviser/planner for advice.

Key Risks - Resources Companies under Coverage

Key risks in relation to the resources sector and the resources companies that are the subject of research by Petra Capital's analysts include commodity price volatility, currency risk, technical/licencing/operational risks, litigation/political risk, development risk and sovereign risk for overseas assets, as well as feasibility, permitting and financing risks related to the development of growth projects.

Ratings

Information regarding the scope and expertise of our research services, processes for selection for coverage, and the management of conflicts of interest can be found on

Petra Capital's website at www.petracapital.com.au/research-disclosures.

Petra Capital's website at www.petracapital.com.au/research-disclosures.

Petra Capital uses the following ratings system and definitions: Buy - Forecast to outperform the Market by more than 5%; Hold - Forecast to perform up to 5% above or below the Market; Sell - Forecast to underperform the Market by more than 5%; Speculative Buy - Speculative Investment; Take Profits - Recommend taking short term profits in a stock we remain fundamentally positive on a medium term view; Accept Offer - For a company under takeover where we see the offer as a fair price with low risk of a competing offer; No Rating - No rating at this time. Market performance is relative to the S&P/ASX Small Ordinaries Index which we assume generates a neutral return on a 12 month basis.

This material is intended for use by major U.S. institutional investors (as such term is defined in the U.S. Securities Exchange Act of 1934) and "\$100 million investors" only and not the general investing public or retail customers. "\$100 million investors" means any entity, including any investment adviser (whether or not registered under the U.S. Investment Company Act of 1940) that owns or controls (or in the case on an investment adviser has under management) in excess of US\$100 million in aggregate financial assets (i.e. cash, money-market instruments, securities of unaffiliated issues, futures and options on futures and other derivative instruments). Transactions by or on behalf of any US person in any security mentioned in this document may only be effected through Global Alliance Securities, LLC ("Global Alliance"), a U.S. broker dealer. The information upon which this material is based was obtained from sources believed to be reliable, but has not been independently verified. Therefore, its accuracy is not guaranteed. Additional and supporting information is available upon request. This is not an offer or solicitation of an offer to buy or sell any security or to make any investment. Any opinion or estimate constitutes the preparer's best judgement as of the date of preparation and is subject to change thioty officers, directors and employees may buy or sell securities mentioned herein as agent or principal for their own account.

Other International

International investors are encouraged to contact their local regulatory authorities to determine whether restrictions apply in buying/selling this investment.
